

Event program:

Getting the right people together

Exchange and networking event for Austrian and
international Operational Groups

18.02.2021
Online-Event

Welcome!

On behalf of the **Austrian rural network**, the **Federal Ministry for Agriculture, Regions and Tourism (BMLRT)** and the **Austrian Research Promotion Agency (FFG)**, we want to extend a warm welcome to the event **“Getting the right people together”**. We are very pleased that you decided to participate and are very much looking forward to an inspiring afternoon together!

Aim of the event

"Getting the right people together" is a **networking event of national and international Operational Groups with multipliers from the fields of research and innovation**. It will be demonstrated which practice-related challenges the Operational Groups are dealing with or have dealt with and how it is possible to participate in innovation and research projects at European level (especially to multi-actor projects within Horizon Europe).

Preparatory task

Before the event, please consider the question:

In which interdisciplinary and transnational research and innovation project would you be interested in?

We will need this information during the event. Thanks for preparing.

Program

Getting the right people together will be held on **18th of February, 2021 online.**

12.45 PM **Final tech-check, log-into zoom**

01.00 PM **Intro and setting the Scene**
